

Guarantee My Smile

By Icon Orthodontic

ICONORTHODONTICS

Guarantee My Smile is a supplemental service offered by Icon Orthodontics to provide our patients with peace of mind by protecting their investment in orthodontic treatment. **GMS** can be purchased for \$780.00 before braces are removed or for \$880.00 at any time after braces are removed. The payments can also be financed up to 6 monthly payments. **GMS** is a **5 Year Warranty** on your smile that includes 2 key protections:

- 1. RETAINER REPLACEMENT***: If for any reason within 5 years of braces removal the covered patient requires new retainers, we will provide up to **1 set per quarter** at a copay of **\$40/set** (compared to normal price of **\$474/set**), **NO QUESTIONS ASKED!**
- 2. RETREATMENT WITH BRACES****: If for any reason within 5 years of braces removal, covered patient wishes to undergo additional treatment, braces will be put on for a low monthly payment of **\$195/month** until patient is happy, or Dr determines that treatment is complete.

1. I accept guarantee my smile. _____
2. No thanks, I can pay for any future retainers/re-treatments. _____
3. I would like to add a fixed retainer for \$237. _____

*By enrolling, patient will receive a 3D printed model of the final tooth position at the time of initial retainer delivery. When it is time to claim your new set of retainers, please bring in the 3D printed model and we will do the rest! If patient's teeth have shifted from their final position, new retainers may not fit. In order to prevent this, please contact us as soon as retainers are lost or broken.

**Braces refers to "traditional braces" and does not include premium options such as Damon, Damon Clear, Clear Aligners, or lingual braces. These options are available at additional charge. Pt must be healthy enough to undergo treatment as determined by doctor. Patient must be up to date on dental checkups and be free from cavities and other conditions that preclude orthodontic treatment.
